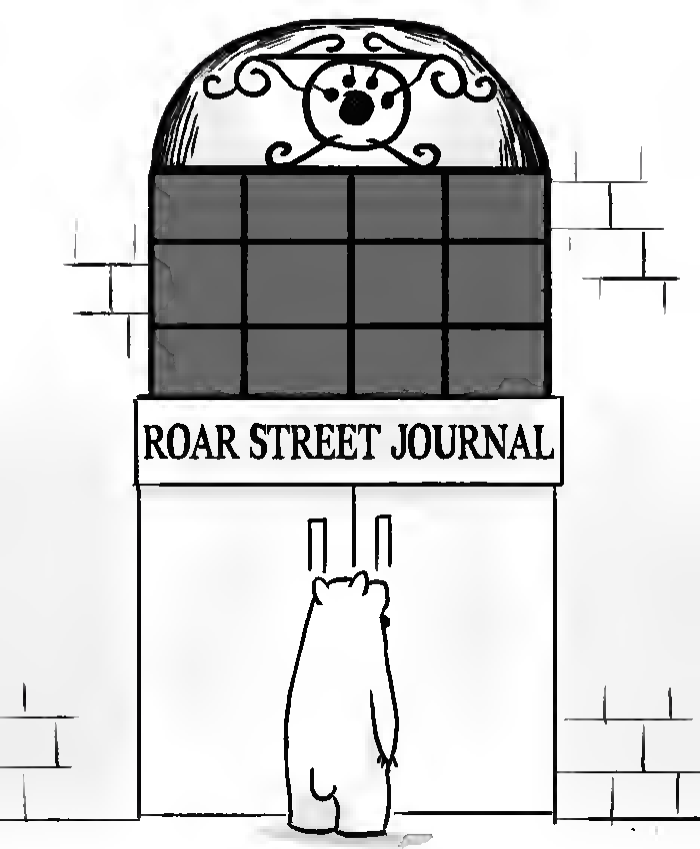
Where Should Po Go



ROAR STREET JOURNAL

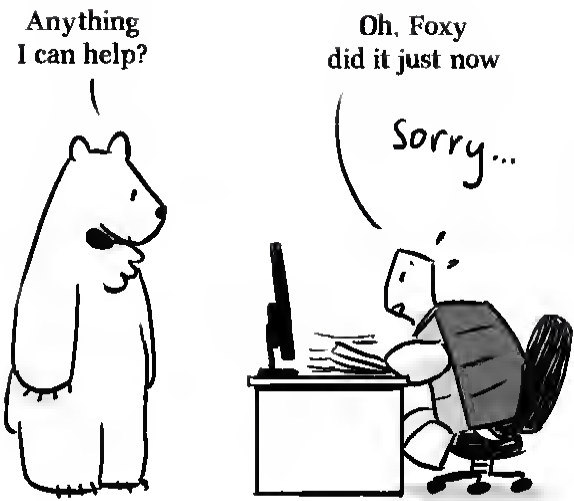
Good morning!
Your coffees, Leo and Cheetah-B!

You're as efficient as before Foxy!
So good that you're back!
I missed working with everyone too!

How is Po by the way?
He's good, I helped him to do some of his work.
Because I finished mine

So what does Po have left to do?
Um...

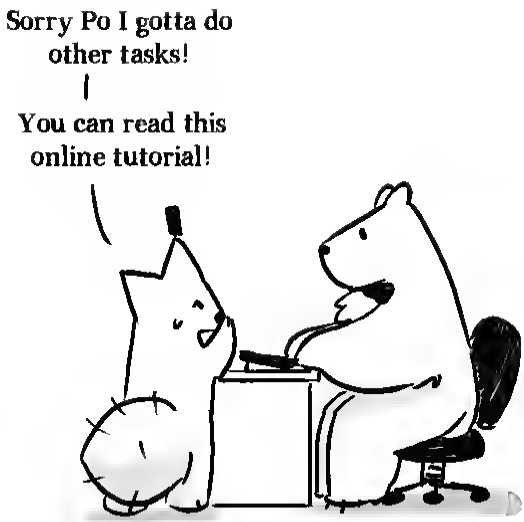
nothing to do



Anything
I can help?
Oh, Foxy
did it just now
Sorry...

nothing to do

How about you teach him more about the computer and how to work faster?
I tried, but I guess I'm not very good at teaching...



Sorry Po I gotta do other tasks!
You can read this online tutorial!

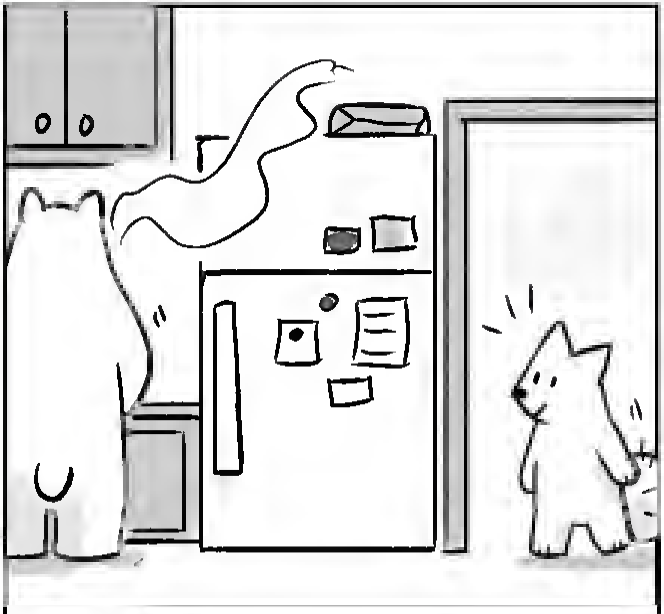
I think it's more like Po is not made for using technology...

What can we do now?
Foxy got all the tasks covered.
What kind of work can we give Po to do?

I don't know...
Now that Foxy is back, the internship post should end.
We can't have idle employers in the office.
It's not productive for the company.

You're not going to fire Po, are you?

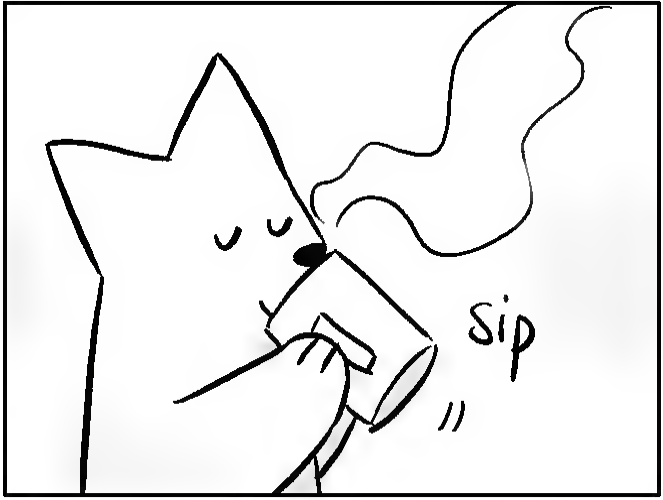
...No, I can't bring myself to do this.
We've taken Po in and he's part of RSJ now.



Hi Po!
What are you making?
Hi Foxy.
Oh, it's hot chocolate.
I like drinking it sometimes.

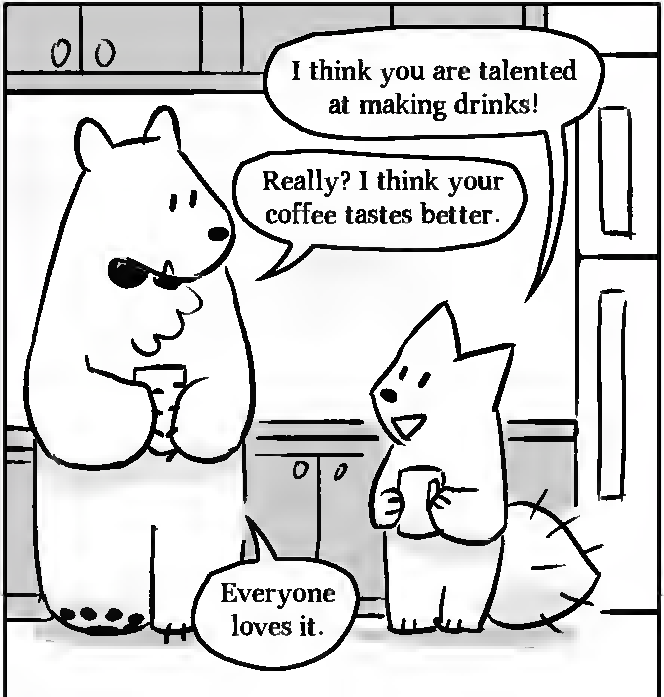
I heard that you make really good hot chocolate!
Can I try it?
Of course, I'll make another cup for you.

Here.



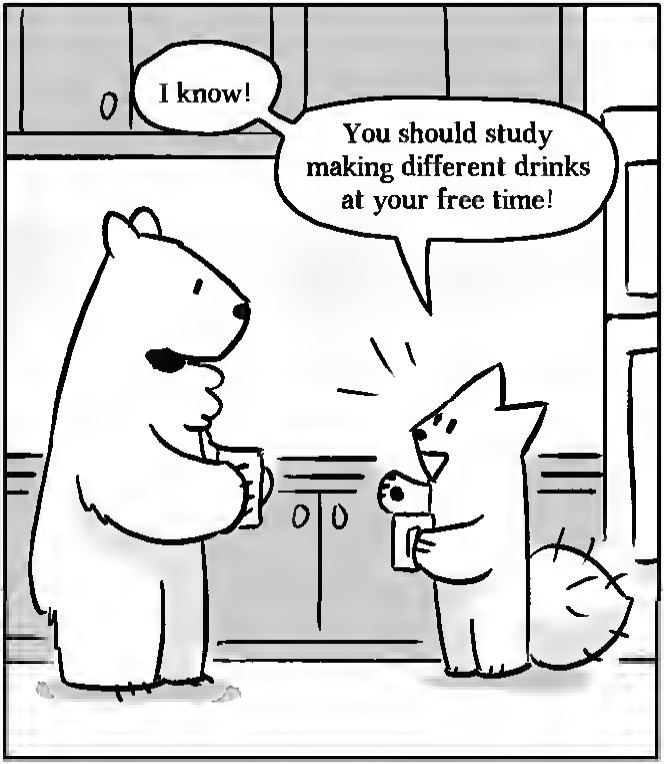
sip

Wow! It's really good!
How did you learn to make it?
I don't know... I just make it often at home back in the arctic.

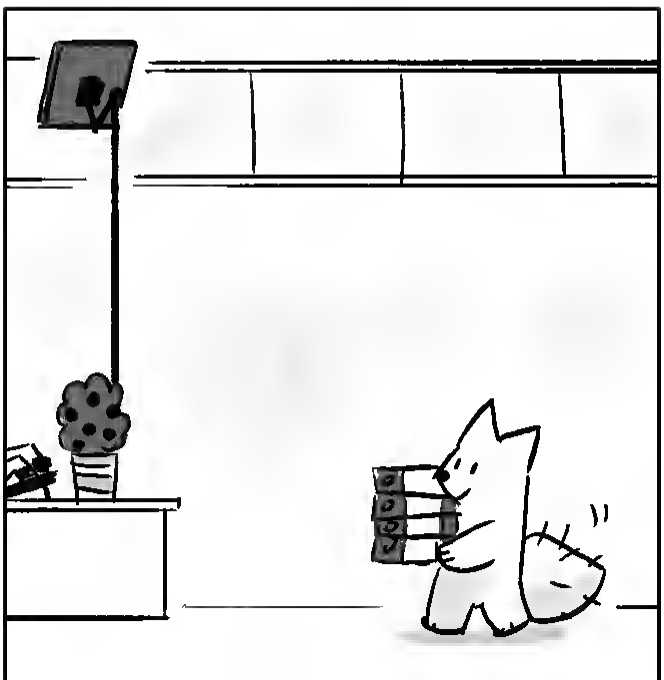


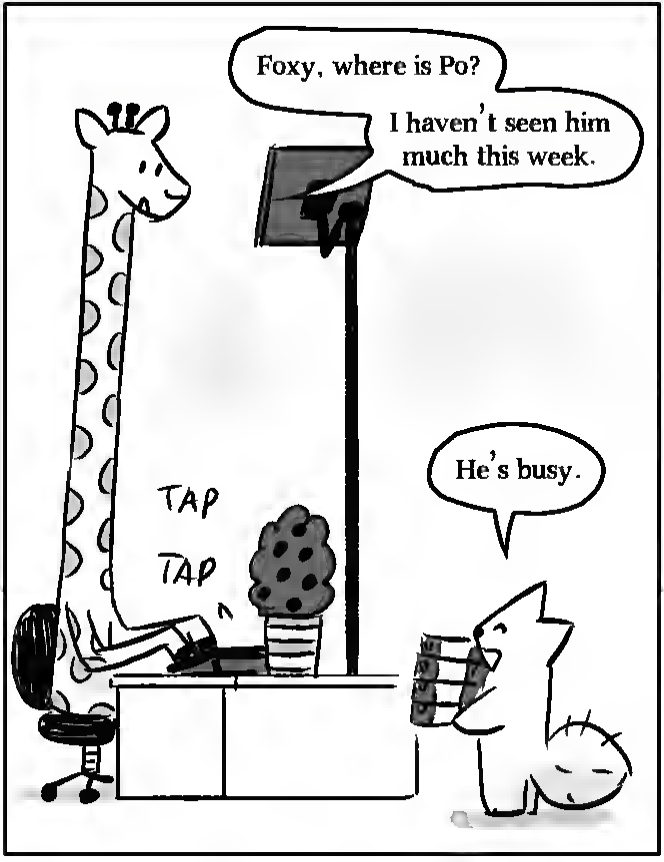
I think you are talented at making drinks!
Really? I think your coffee tastes better.
Everyone loves it.

.....
DING!



I know!
You should study making different drinks at your free time!





Foxy, where is Po?
I haven't seen him much this week.
He's busy.

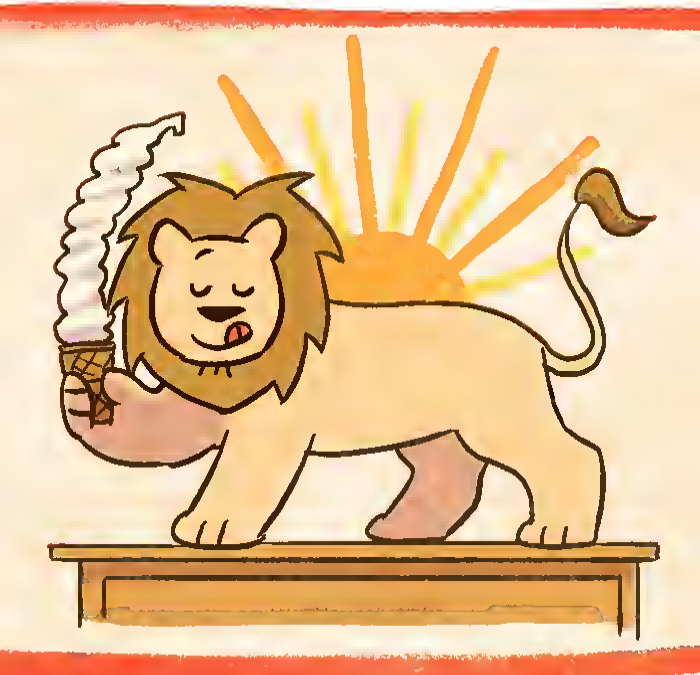
Hey dear bonnie, I'm from Iran and our national animals are lion, cheetah and leopard. I know you already drew them in one of the episodes but just letting you know you have readers here too (wanting the white x on my country :D) All the best <3

Readers from Iran!



The national animals of Iran includes the Persian lion, Asiatic cheetah, Persian leopard, Persian cat and Persian fallow deer. The Lion and Sun, or Shir-va-Khorshid, is one of the most prominent symbols of Iran. It was used on the Iran flag until 1979.
